

# Letters from the Teachers

## Room 1

We welcome all our children and parents to the newly created Room 1. It's a pleasure to start the new school year with all our beautiful, lovable children, ages 2-3. We welcome Ms. Ajantha to our new classroom!

In our class, academic work starts at 9:00AM. I would like to have all my children at least 10-15 minutes before the scheduled time as they need to settle down and have time to be with their friends and follow the lessons during circle time.

Potty training for the children is going well. We cannot be successful without the support from the parents. Please take your child to the bathroom every 30-45 minutes or as needed by them. We need to tell them that they are able to go to the bathroom by themselves as they are going to be "big kids" now. When they go pee-pee or poo-poo in the toilet, give them a happy face or a sticker or some m&ms as a reward.

Our classroom is designed to put the first foundation to their academic side, to develop their fine motor skills through Montessori materials. They will start to discipline themselves, to respect and care for each other too. As teachers we are looking forward in guiding our little ones to the best of our ability and we look forward to an exciting school year!

**Ms. Sanira & Ms. Ajantha**

## Room 2

In Fall 2007, we are happy to introduce five newcomers to our Infant Room. Starting with the oldest, Sanjeeth and Kapil.

The other new babies, Yash, Hannah and J.J are already settling in to the daily routine in the room. A very big welcome to Bayani too.

Elizabeth, Elena, Kayton and Delia are starting to move around the room. While some crawl, others try to walk in order to explore more of the classroom and learn new things.

We are overjoyed to see such little babies come into our room and blossom into toddlers before our eyes.

We warmly welcome Ms. Nimalie to our Infant Room, and hope she will have a memorable time with the babies.

By the way we also want to remind you to:

- \* Label all your babies' belongings
- \* Check the supply list and bring the items needed the very next day

Please feel free to ask us any questions. Many Thanks for all your support!

**Ms. Geetha, Ms. Betty & Ms. Nimalie**

## Room 3

We warmly welcome our new students Heather, Rehan, Amisha, Michael, Madison, and Xavier. We are happy to say they are settling down very well.

We say our goodbyes and wish the best of luck to our graduated students River, Sydney, Shubh, Rachael and Patricio. We hope that you have great achievements and a promising future.

We as teachers do our very best to nurture and build a strong foundation for our little ones. Our class is based not only in an academic outlook, but also in an artistic and creative sense. You can rest assure that your children are having fun learning their ABC's and 123's.

Circle time begins at 9AM and is the most crucial and important part of our day. Discussion of classroom rules, introduction of new materials and initiation of the learning process for the day takes place at circle time therefore we strongly encourage our little ones to be present before 9AM. Coming early also helps your child adjust to ur routine and is of least distraction to their fellow classmates.

We would also like to kindly remind you to please label all your child's belongings: sheets, food, cups, jackets, etc... and to also please make sure your child's lunch box has ice packs.

Our classroom share day is only on Friday. Please do not allow your child to bring toys on any other day as it causes distraction.

Lastly a "BIG THANK YOU" to our parents for your understanding, cooperation and support. It really means a lot to us. We are happily looking forward to a great year with your children.

**Ms. Mali, Ms. Ashley & Ms. Shammy**

## Room 4

We are off to a great start!! It's with great ppleasure we welcome all our children to the new 2007-2008 school year; especially the children who joined us recently, and at the same time we wish good luck to our friends who joined the kindergarten class. It is interesting to see our older children being "role models" to their new friends and helping them to feel comfortable in the new environment. All the children are eager to discover and learn new things together with their new and old friends.

We had a lot of fun activities apart form the regular academics during summer. The children enjoyed every minute of it and they had a great time. We take this opportunity to thank all the parents who supported us in many ways during the summer program.

The children are keeping their fingers crossed as we have a lot of fun and interesting activities lined up for the upcoming fall season. The office will keep you posted with the upcoming events.

With wonderful children and supportive parents, we are sure to have a great school year ahead!!

**Ms. Preethimali & Ms. Shelby**
