

Letters from the Teachers

Room 1

We hope that everyone had a great summer. We are excited about the new school year. September is a month for all of us to get to know each other. New faces and new routines to follow. After getting to know each other well, you will notice that your child loves coming to school.

We encourage children to respect each other, to create their own ideas and to enjoy the environment. We teach, guide and motivate your child to do things by himself or herself and be proud of his/her accomplishments. These accomplishments will help to build a strong self esteem and will be a good foundation for the future.

We are pleased to join you and your child in this journey.

We appreciate and thank you for your support.

Ms. Shelby & Ms. Tania

Room 2 & 3

We are happy to welcome our new babies and their parents to the Infant Room. Also, we would like to welcome back our returning babies and their parents.

Babies are settling in comfortably in our class and they are starting to make friends with each other. We are happy to see babies come to the infant room and blossoming to toddlers before our eyes.

All food items must be labeled to indicate the child's name and the date.

We take this opportunity to thank all the parents for cooperating so well with us. Please feel free to let us know should you have any concerns regarding your baby.

Ms. Geetha & Ms. Betty & Ms. Kristen

Room 4

We warmly welcome all our children and parents to the new school year. Lets look forward to a very successful school year. Hope you had a wonderful summer.

We have a few reminders to refresh your mind for the new school year.

- * Pack a healthy snack with less sugar.
- * Provide a fitted sheet and blanket for nap time
- * Provide a lunch box to fit in to the cubby
- * Avoid sending your child in flip-flops

As you know we practice the Montessori method of education, which is basically the child working at his/her own pace. While doing the regular academics children will enjoy their seasonal art projects. Our goal is to prepare your child academically and socially for the Kindergarten by the end of the school year, if eligible.

With your cooperation we hope to reach our goals and have a successful school year!!

Ms. Preethimali & Ms. Sahnima

Room 5

I am so excited and very happy to welcome you back to Room 5 for 2009-10 school year. Our classroom looks wonderful. It is organized and well arranged with lots of new materials in all areas. I am excited to start the school year with your children. We hope to have a successful year with lots of learning and lots of fun.

- * Send a healthy snack and breakfast (avoid high sugar food like donuts, cookies, soda, etc.
- * Share Day is Friday. Do not let your child bring any "action figure" toys
- * Circle time start at 8:30 in the morning. Please make sure that your child is in the class prior to that time as this is considered an important part of the curriculum.

Thank you very much for your cooperation.

Ms. Denise

Room 6

With great pleasure we welcome all our children to the academic year 2009-10 and hope it will be an eventful year.

In math, our students are learning how to use the bead stair and most of them are working on their addition and subtraction while some of the 2nd year students concentrate more in Static and Dynamic form digit number operations. For each fundamental operation varied Montessori materials are used and it is very exciting to know that most of the children follow the steps and rules with a good understanding, thereby materials serving its purpose.

Botany, Zoology, Geography. History, Music and Art are grouped into the cultural area of work. This year we hope to introduce a new concept where music and art concerned. This will expand the knowledge in the field of music and art to recognize the composer of different work of classical music and paintings of different artists when children hear and see them at a glance.

In language, some of the new students are working with the movable alphabet and are sounding words. Some children seem to be enjoying working with the flash cards. Some students are doing comprehension and answering questions and they enjoy doing beginning and final blends.

Please do not hesitate to contact us should you have any concerns about your child. We thank you for supporting your child with his/her work. We look forward to your support and cooperation during this year.

Ms. Ajantha & Ms. Shammy

Room 7

Welcome to 2009-10 school year. Hope everybody had a great summer.

A very warm welcome to our new students and also continuing students. Congratulations and good luck to all who graduated to the Kindergarten.

Our Circle Time begins at 8:45 A.M. Please bring your child on time as we discuss the days activities and other important matters during the circle time.

For breakfast, snack and lunch we encourage children to eat healthy. Therefore, please do not send high sugar food items.

We have planned a very exciting and educational year of fun and activities.

Ms. Indra & Ms. Sanira
